FOREWORD

Presented in this report (Special Report No.2) is the final population count classified by sex and the number of private households for each barangay, municipality/city in the Metropolitan Manila Area (NCR) based on the data collected during the 1980 Census of Population in May, 1980.

Pursuant to Batas Pambansa Bilang 72 approved on June 11, 1980, the President under Proclamation No. 2170 dated March 12, 1982 has declared official for all purposes the population count by barangay, by city/municipality and by province.

This regional report is just one of the series of reports being prepared from the result of the 1980 Census, in addition to the two volumes being published traditionally in every population census. Volume I is a provincial report for each of the 73 provinces, containing demographic and other characteristics of the population and housing characteristics, while Volume II is a National Summary and will present statistics for each region and province of the country. A special volume for the National Capital Region will also be published.

Hopefully, the statistics presented in this report will help government agencies in their development planning and program such as those for the Kilusang Kabuhayan at Kaunlaran (KKK), Biyaya ng Dagat, Samahang Nayon, etc.

The National Census and Statistics Office thankful to His Excellency, the President of the Philippines, and to the Batasang Pambansa for authorizing the taking of the census. We are also grateful to the National Census Coordinating Board (NCCB) for coordinating a systemized involvement of government agencies and instrumentalities in the census taking. Our gratitude is also due the different ministries and other national offices, the local governments and the mass media for their active participation during the field operation. Special mention is made of the assistance and cooperation of the Ministry of Education and Culture whose teachers acted as census supervisors and enumerators during the field enumeration.
